News and Reminders

Turn Around Day

In September, all students are placed in tentative classes to manage fluctuating enrollment. The Ministry of Education sets requirements for class sizes. To adhere to these requirements, we will be making final adjustments to classes on September 26th. During the last block of the day on September 26th, students will be moving to their new classes in preparation for Turn Around Day on Wednesday, September 27th. Please share this information with your child to make these transitions as smooth as possible. We understand that these changes will be upsetting to some students and are asking for your assistance to make this a positive experience.

Terry Fox Run

Killarney Beach Public School is proud to be participating in the Terry Fox School Run on **Thursday, September 28th**. Please join us and continue the legacy of one of our greatest Canadian heroes. Donate at: <https://schools.terryfox.ca/KillarneyBeachPSLeFroy> Thank you for joining us in the fight against cancer!

National Day for Truth and Reconciliation (Orange Shirt Day) and National Reconciliation Week September 26-30th.

September 26-30 is National Reconciliation Week. For more information please visit the [National Centre For Truth and Reconciliation](#). Saturday, September 30th is National Day for Truth and Reconciliation (Orange Shirt Day) Killarney Beach will recognize this day on Friday September 29th.

Construction Update

I want to inform you that the fences around the new grass area will remain in place until the roots of the grass have firmly taken hold. Unfortunately, I do not have a specific date for when these fences will be removed. We understand that this might cause some inconvenience, but it is crucial to ensure the successful growth of the new grass. Additionally, you may have noticed construction activity in late August focused on our parking lot. This work was undertaken to prepare our facility to be connected to the town water main. This connection is an important step towards improving our infrastructure and ensuring the availability of a reliable water supply for our school.

We sincerely appreciate your patience and understanding as we continue with these construction projects. We understand that they may cause temporary disruptions, but they are essential for the betterment of our school facilities.

Emergency Drills:

Over the coming weeks we will be practicing several of our emergency drills. These drills include Lock Down Drill, Fire Drill and Evacuation Drill. All these drills are practiced several times throughout the year to ensure that all students and staff are aware of procedures in case of an emergency.
